I've come to depend on DeVore's Encyclopedia over the years. Any time I ran into an astrological word or technique I didn't know, DeVore would supply a concise and clear answer. Generally this would lead me to read other entries, which provided a great short-cut to my astrological education. Whether you're a beginner, a professional, or just plain curious, this book is a great reference. A good "bathroom book" too, as you can pick it up at a random page and put it down after a few paragraphs.
