The authors prove persuasively how world trade was an essential process of the last five hundred years of history. These were the centuries in which all populated continents began to interact in a continuous and incremental way. Plants, animals, germs, people, commodities, and ideas were exchanged among continents transforming the life and landscapes of world population.

This new edition of "The World That Trade Created" reveals the answers to dozens of tantalizing questions like these. In a series of brief, highly readable vignettes the authors bring to life international trade and its actors - including migrants and merchants, pirates and privateers, sailors and slaves, traders and tree-tappers. In the process they make clear that the seemingly modern
